

PRISMJET 226 HTR HIGH-TACK REMOVABLE WALL VINYL TECHINCAL DATA SHEET

PrismJET 226 HTR is a 6 mil, matte, semi-rigid printable vinyl for interior temporary and removable signage. The HTR suffix stands for "high tack removable." That means this vinyl performs better on low-VOC painted walls and low-energy surfaces. Yet, it's still removable, so it won't damage walls.

PrismJET 226 HTR has a clear, high-tack removable solvent acrylate sensitive adhesive laminated to a 90# layflat liner.

FILM	
Face Film	Semi-Rigid Calendered
