The fastest way to get started is to watch the online Setup Video. You can also scan this QR code.

1. Assemble the stand.

The Vinyl Express Q Series Gen3 vinyl cutters come with a stand, media basket and media bars. This can be found in Segment One of the Setup Video.

2. Install the software.

Your package includes a sealed envelope with instructions on how to download software. Segment 13 shows how to install your software.

Scan this code for LXI
If you need more information about your software, this QR code will take you to support article about LXI.
If you can not scan the code at the moment, please visit https://bit.ly/3piWx0c

3.

The video on the Tech Support site will go over how to connect your new Q Series Gen 3 vinyl cutter to the computer. There are 3 options for connectivity. The setup video helps get you ready for your first cut.

Enjoy your new Vinyl Express Q Series Gen 3 Vinyl Cutter!
